

ENJOY[®]

THE MOST REALISTIC FLAMELESS
WAX CANDLES IN THE WORLD

Enjoy® flameless wax candles are designed and developed in Australia. It is widely recognised as the most realistic brand of real wax flameless candles in the world.

Enjoy® flameless wax candles have taken the media by storm and are regularly featured alongside other on-trend homewares and interiors in leading nationally distributed magazines and newspapers as well as in online editorials and blogs.

They are highly regarded by interior designers, stylists and celebrities for their realism, innovation and attention to design. They have also been used to light up the catwalk at Fashion Week in 2012 and were displayed en masse on television advertisements and programs such as Dancing with the Stars.

While a wax wick pillar candle can burn out in hours or days, Enjoy® flameless wax pillar candles are battery operated and have LED globes that last at least 100,000 hours (or more than 10 years). Enjoy® flameless wax candles are all finished by hand with a melted top edge so that each candle is unique and no two candles are exactly the same - some let out more light, some let out less light and this all adds to the realism.

LIMITED WARRANTY

- a. The Limited Warranty is valid for 6 months from the date of purchase ("Warranty Period") and only applies to purchases in Singapore.
- b. The Limited Warranty is valid only for the original purchaser ("Purchaser") of the Product and is not transferable.
- c. The proof of purchase alongside with the defective product must be presented when requesting for a product replacement.
- d. The Limited Warranty covers only the electrical components of the products such as:
 - i. Defective LED bulb such as (i) lit up but not flickering; (ii) does not light up.
 - ii. Defective timer and remote control functions.
 - iii. Product cannot be switched on and/or off.
- e. The Limited Warranty does not cover:
 - i. Any cosmetic damages including wear and tear.
 - ii. Loss or damage to Product arising from or in connection with (i) abuse, tampering modification and/or disassembling; (ii) negligent use and/or misuse (including improper storage, exposure to moisture, excessive temperature, sand, dust, dirt, other pollution or other environmental conditions; (iii) fire, flood, lightning, strike or other acts of God; (iv) defective consumable items such as battery leakage; and (v) accidental damage.
